

Race Fuels Pty Ltd

Mt Buller Sprint: Fuel Service 2005

After a successful fuel service in 2004, Race Fuels Pty Ltd will again support the 2005 Mt Buller Sprint.

Elf racing fuel and 98 octane pump will again be available for purchase at the service car park at the top of Mount Buller.

The fuel is dispensed in 20litre drums, drum pumps, funnels and siphons will be supplied.

Why use the fuel service?

- Nearest service station is Mansfield (no 98 octane available)
- All refueling equipment and drums are supplied
- Fuel is packaged, delivered and managed at all times during the event
- Minimal hassle

Re-fueling is only permitted within a designated zone next to the service park. There will be four re-fueling windows:

Friday Evening (optional)
Saturday 12.30pm – 1pm
Saturday evening
Sunday 12.30pm – 1pm

Based on last year's event, each car needed approximately 20litres of fuel at each fuel stop: 80litres is recommended.

Also consider your service vehicle's fuel needs for the weekend.

Prices as at 13/09/04 will:

- 20litres 98 octane: \$55.00
- 20litres Elf LMS 102 octane: \$110.00

The prices quote are subject to change depending on demand.

Unused fuel can be returned to Melbourne or used on the way home.

Orders must be placed before January 2005 to ensure delivery and service.

Contact **Mark Tierney 0419 511 517** for further details and order form.
